

CANTONI AND NORDIC CRUSHER MOTORS

TELEPHONE:
1-800-463-0400

www.jrperreault.com

Dependable and Reliable Power for your Dusty, Dirty and Heavy Shock Continuous Operations, in a Severe Environment

150-600 HP 3PH TEFC 60 Hz NEMA AC Foot Mounted Motors

Features

- Inverter Duty Rated: 5:1CT & 10:1VT
- Service Factor: up to 1.20
- Design: High Starting Torque
- Protection Degree: IP55
- Enclosure: TEFC 200 grade cast iron frame and brackets
- Warranty: 3-Years
- 460V 60Hz double delta, double rated for 380V 50Hz at lower HP output
- Roller bearing on DE side for belt drive applications
- 4140 equivalent steel shaft
- Unibody design
- Vacuum Pressure Impregnation (VPI) for best electrical performance
- Class "F" insulation with Class "B" rise
- 12 leads out
- Large junction box
- Thermistors and space heaters standard (449T and up)
- Suitable for Y/delta starting and part winding starting
- Designed for horizontal application
- F1 / F2 convertible up to 449T frame
- CSA-US certified and CE marked

Applications

Ideal for for mining, quarry and other aggregate operations which require a durable, robust construction and unshakable crusher performance for continuous operation for years to come
